Memorandum of Understanding

With the assistance of God and considering the significance and value of teaching and learning of miscellaneous human thoughts, the head of Shiraz University of Medical Sciences and the Dean of Faculty of Medicine in University of New South Wales, today discussed and agreed to support avenues for cooperation including:

1. Mutual exchange of scientific information of the two parties' scholars and researchers involved in educational affairs
2. Exchange of visits by scholars and research affairs experts of the two parties who are ready to attend workshops and scientific conferences
3. Admitting the sub-specialized students and fellowships of SUMS in University of New South Wales for the 3 to 6 months supplementary courses
4. Scientific advocating and active participation of New South Wales scholars and professors with the pertinent fields in international congresses held in Shiraz
5. Collaborating in carrying out researches and technology in advanced medical areas
6. Collaborating in public health issues
7. Facilitating to build joint PhD and MS degree positions in basic and clinical sciences
8. Facilitating the visa issue for the faculty members and postgraduate students of the two countries by the two parties' correspondence to their countries' embassies
