School/Research Center	Behavioral Sleep Disorders Unit (BSDU), Department of Neuroscience, School of Advanced Medical Sciences and Technologies, SUMS
Department	Neuroscience
Brief Description of the Major/Study Program (300 to 1000 Characters)	<p>Sleep technologists, often referred to as polysomnography technologists, perform studies on patients suffering from sleep disorders. The duties of these technologists include preparing rooms and patients for observation, monitoring patients as they sleep, and recording results.</p> <p>This 12-wk course and hands-on will assist the attendees with their career pathway in becoming a sleep technologist. During the ICST-Shiraz Program, they would be provided with the opportunity to grasp in-depth knowledge and theoretical insights as well as practical hints and hands-on experience. The course, further, is moderated by cross-disciplinary international experts.</p>
