

CURRICULUM VITAE

2012

Afshin Borhani Haghghi MD

**Associate Professor of Neurology
Shiraz University of Medical Sciences**

**Fellowship of Vascular and Interventional
Neurology
Saint Louis University**

Curriculum Vitae

Name: Afshin Borhani Haghighi
Sex: Male
Marital status: Married
Date of Birth: 16.03.1970
Nationality: Iranian
Place of Birth: Shiraz, Iran
Languages: Persian
English
Registration: Qualified Neurologist,
IMC No. :54246
Address: Department of Neurology
Motaharri clinic, Namazi sqaurae
Shiraz, Iran
Telephone Number: 0098-711-6121065
E-mail: borhanihaghighi@yahoo.com

Education

1988-1995: Shiraz University of Medical Sciences
Shiraz, Iran
(Highest ranking medical school of Iran)
Iran Medical Council registration Number: 54246
1998-2002: Specialty in Neurology
Internal Medicine Department
Division of Neurology

Shiraz University of Medical Sciences
Shiraz , Iran
Iranian National Board of Neurology, Tehran, Iran
(The third top student of Iran)

March 2010 –March 2011

Fellowship of Vascular and Interventional Neurology
Department of Neurology/Psychiatry,
Saint Louis University

Career

Sep 1996 - Sep 1998

General practitioner
Emergency ward
Mirhoseini Hospital (Private Hospital)
Shiraz, Iran

March 1998 - Sep 1998

General practitioner
Emergency ward
Motahhari Hospital (District General Hospital)
Marvdasht, Iran

Sep 1998 - Sep 2002

Resident Postgraduate Trainee
Department of Internal Medicine, Division of
Neurology
Nemazee Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sep 1999 - Sep 2000

Chief Resident
Department of Internal Medicine, Division of
Neurology
Nemazee Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sept 2002 – Sept 2005

Assistant Professor of Neurology
Chief of Emergency Neurology ward
Nemazee Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sept 2005 –May 2008

Assistant Professor of Neurology
Deputy Chief of Neurology ward
Chamran Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sept 2006 – Sep 2008 Founder and secretary general of “Neuroscience interest research group” affiliated to “student research committee” of Shiraz University of Medical Sciences

May 2008- Feb2010 Associate Professor of Neurology
Deputy Chief of Neurology ward
Chamran Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sept 2002 – till now Member of "Neurology Consultant Team " for liver and kidney Transplantation & Cardiac Surgery Divisions

Sept 2002 – till now Member of "National committee for definition and confirmation of brain death" of Iran

Oct 2006 – May 2008 Secretary general of "proposal committee" of research dean of Shiraz Medical School

Sep 2009 - till now Founder and research deputy of " Stem cell and Transgenic Technology Research Center " of Shiraz University of Medical Sciences

Nov 2009 - till now Founder and member of "research center for traditional medicine and history of medicine" of Shiraz University of Medical Sciences

March 2010 –March 2011 Fellowship of Vascular and Interventional Neurology Departments of Neurology/Psychiatry and Surgery, Saint Louis University

Sep 2011- till now Chief of Neurology ward
Namazi Hospital
Shiraz University of Medical Sciences
Shiraz, Iran

Sep 2011- till now Honorary Faculty
Department of Medical Ethics
Shiraz University of Medical Sciences
Shiraz, Iran

Nov 2009- till now Honorary Faculty
Department of traditional medicine and history of medicine
Shiraz University of Medical Sciences
Shiraz, Iran

Qualifications

Good working experience with neurological investigatory tools like electroencephalography (EEG), nerve conduction study (NCS) and electromyography (EMG), evoked potentials (EPs), nerve biopsy, muscle biopsy and botulinum toxin injections during resident-ship.

Obtaining a teaching course of transcranial doppler sonography (TCD) training in Tehran university (2003).

Performing more than 2000 transcranial doppler sonographies in patients with different cerebrovascular diseases and more than 300 transcranial doppler sonography with agitated saline test.

Performing more than 1000 extracranial and intracranial diagnostic angiographies, more than 300 extracranial stenting, and more than 50 intracranial stenting and assisting more than 50 aneurysmal coiling and AVM embolization .

Editorial

Editor in chief of "**Galen**", the official journal of Fasa University of Medical Sciences

Associated editor of "**Journal of Medical Science Research**"

Editorial board member of "**Recent Patents on Medical Imaging**"

Editorial board member of "**Bulletin of Emergency And Trauma**"

Member of Advisory group of International consensus statements for Diagnosis and treatment of neuro-Behcet's disease

Review Editor of "**Frontiers in Endovascular and Interventional Neurology**"

Consultant of "**Iranian Journal of Neurology**"

Honors and Awards:

Excellent medical thesis, selected by Dean of Shiraz Medical School, 1995.

Distinguished resident of department of internal medicine ,2001.

Distinguished resident of Shiraz Medical School, 2002.

The third top participant of “Iranian National Board of Neurology” qualification examination, 2002

Distinguished tutor of Shiraz University of Medical Sciences selected by medical students,2004

Distinguished tutor selected by chair of internal medicine ward of Shiraz University ,2005

Distinguished tutor of Shiraz University of Medical Sciences selected by medical students,2005

The best researcher of Shiraz University of Medical Sciences in the field of cooperation with medical students,2007

The consultant professor of the best thesis of Shiraz Medical School, 2007

The second best researcher of Shiraz University of Medical Sciences, 2008

The fifth best researcher of Shiraz University of Medical Sciences, 2010

The second best researcher of Shiraz University of Medical Sciences, 2008

The fourth best researcher in the field of internal medicine in Razi national research festival,2011

Presentations at National and International Meetings:

1. The 8th Iranian congress of neurology and clinical electrophysiology. May 2001, Tehran , Iran .oral presentation:Neurological manifestations of Behcet’s disease.
2. The 9th Iranian congress of neurology and clinical electrophysiology. May 2002, Tehran, Iran. poster presentation: Investigation of the correlation of migraine headache and late luteal phase syndrome.
3. The 9th Iranian congress of neurology and clinical electrophysiology. May 2002, Tehran, Iran. poster presentation :Mitochondrial neurogastrointestinal encephalomyopathy (MNGIE) in south of Iran. (abstract:30-31)).
4. .The 9th Iranian congress of neurology and clinical electrophysiology. May 2002, Tehran, Iran. poster presentation : Neuro-Behcet’s disease in Iran, a prospective study.

5. The 10th Iranian congress of neurology and clinical electrophysiology. May 2003, Tehran, Iran. poster presentation : Brainstem reflexes other than brain stem auditory evoked potential.(abstract 77-8)
6. The 10th Iranian congress of neurology and clinical electrophysiology. May 2003, Tehran, Iran. poster presentation : Neuro-brucellosis report of four cases and literature review.(abstract 73-4)
7. The 38th meeting of Canadian Congress of Neurological Sciences. June 2003, Quebec city, Canada. oral presentation:Neurological manifestations of Behcet's disease: a report of 18 cases.
8. The second Emirates Neurosciences conference. October 2003, Dubai, UAE. oral presentation:Neurological manifestations of Behcet's disease.
9. The fourteenth meeting of European Neurological Society ,June 2004,Barcelona,Spain.Accepted for oral presentation, but cancelled due to financial problems for registration:Neurological manifestations of Systemic Lupus Erythematosus, report of 46 cases.
10. The Eighth congress of the European Federation of Neurological Societies,September 2004,Paris ,France. Accepted for poster presentation:Negative association of ischemic cerebrovascular attacks and minor beta thalassaemia .(P1067)
11. The Eighth congress of the European Federation of Neurological Societies,September 2004,Paris ,France. Accepted for poster presentation: Neurological manifestations of Systemic Lupus Erythematosus, report of 46 cases. (P2477)
12. The ninth congress of Middle East Society for OrganTransplantation(MESOT),2004,Ankara.Accepted for oral presentation: Neurological complications of first 100 orthotopic liver transplantation patients in south of Iran.
13. The first national Congress of Iranian Dental Association .September,2004.Shiraz,Iran.Accepted for oral presentation: Craniofacial pains.
14. The fifteenth meeting of European Neurological Society ,June 2005,Vienna,Austria.Accepted for poster presentation: A novel sequence variation in the first genetically confirmed Allgrove syndrome in Iran.
15. The fifteenth meeting of European Neurological Society ,June 2005,Vienna,Austria.Accepted for poster presentation: Psychometric evaluation of patients with Behçet's disease by symptom check list 90-R (SCL-90R)

16. The tenth congress of the European Federation of Neurological Societies, September 2006, Paris, France. Accepted for poster presentation: The pathological presentations of neuro-behcet's disease :a case report(P2253)
17. The tenth congress of the European Federation of Neurological Societies, September 2006, Paris, France. Accepted for poster presentation: The prevalence of different types of headache in patients with Behcet's disease (P2301)
18. The 22nd congress of the European Committee for Treatment and Research in Multiple Sclerosis, September 2006, Madrid, Spain. Accepted for poster presentation: Validity and reliability of Persian version of the MSQoL-54 questionnaire(P406)
19. The third International Congress on Multiple Sclerosis. November 2006. Isfahan, Iran. Accepted for oral presentation.: Investigation of the prevalence of gluten sensitivity in multiple sclerosis patients.
20. The third International Congress on Multiple Sclerosis. November 2006. Isfahan, Iran. Accepted for poster presentation : Neuro-Behcet's disease : a masquerader of multiple sclerosis.
21. The 13th Iranian congress of neurology and clinical electrophysiology. June, 2006. Tehran, Iran. Oral presentation : The characteristics and prevalence of different types of headache in patients with Behcet's disease
22. The 12th international congress on Behcet's disease. September, 2006. Lisbon, Portugal. Poster presentation : The characteristics and prevalence of different types of headache in patients with Behcet's disease.(F18)
23. The 12th international congress on Behcet's disease. September, 2006. Lisbon, Portugal. Poster presentation; The comparison of the cerebrospinal fluid concentration of the interleukin 6, interleukin 8, interleukin 10, tumor necrosis factor-alpha and interferon -gamma in patients with neuro-Behcet's disease and viral meningitis.(F17)
24. The 12th international congress on Behcet's disease. September, 2006. Lisbon, Portugal. Poster presentation: Simultaneous involvement of brain and spinal cord in patient with Behcet's disease.(F20)
25. The 4th Iranian epilepsy congress. December 2007. Tehran, Iran. Oral presentation: Frequency of antiepileptic adverse drug reactions in an outpatient epilepsy clinic in the south of Iran: a cross sectional study.(Abstract :65-6)
26. The 4th International Congress on Multiple Sclerosis. November 2007. Tehran, Iran. Accepted for oral presentation.: Primary progressive multiple sclerosis, an update.

27. The 15th Iranian congress of neurology and clinical electrophysiology. May,2008. Tehran, Iran. Poster presentation. Knowledge and attitude of Iranian patients with neurological disease regarding lumbar puncture
28. The 15th Iranian congress of neurology and clinical electrophysiology. May,2008. Tehran, Iran. Poster presentation: Treatment of neuro-Behcet's disease: an update
29. The 15th Iranian congress of neurology and clinical electrophysiology. May,2008. Tehran, Iran. Oral presentation: Changes of CSF Levels of Cytokines in Neuro-Behçet's Disease
30. The 15th Iranian congress of neurology and clinical electrophysiology. May,2008. Tehran, Iran. Poster presentation: assessment of Homocysteine, Vitamin B12, and Folic Acid levels in Patients with Alzheimer's Disease.
31. The 15th Iranian congress of neurology and clinical electrophysiology. May,2008. Tehran, Iran. Poster presentation: Association of tramadol and convulsion
32. The eighteenth meeting of European Neurological Society ,June 2008,Nice,France.Accepted for poster presentation: Cytotoxic T lymphocyte associated antigen-4 exon 1 A/G polymorphism in Iranian patients with multiple sclerosis.
33. The eighteenth meeting of European Neurological Society ,June 2008,Nice,France.Accepted for poster presentation: Changes of CSF Levels of Cytokines in Neuro-Behçet's Disease
34. The 5th Iranian epilepsy congress. November 2008.Tehran, Iran.Oral presentation: Validity and reliability of the Persian version of the epilepsy quality of life questionnaire(QoLIE31).
35. The 5th Iranian epilepsy congress. November 2008.Tehran, Iran. Poster presentation:Mesial temporal sclerosis and complex partial epilepsy: A clinical. Electroencephalographic and magnetic resonance imaging(MRI) study
36. The first congress of Pan-Asian Committee for Treatment and Research in Multiple Sclerosis(PACTRIMS).November 2008.Quala Lumpur.Poster presentation: Cytotoxic T lymphocyte associated antigen-4 exon 1 A/G polymorphism in Iranian patients with multiple sclerosis.
37. The 5th International Congress on Multiple Sclerosis. November 2008. Tehran,Iran. Poster presentation: Multiple sclerosis and neurofibromatosis type 1: report of seven patients from Iran.
38. The 5th International Congress on Multiple Sclerosis. November 2008. Tehran,Iran. Poster presentation:Cervical tic and multiple sclerosis: A case report and review of literature

39. The 5th International Congress on Multiple Sclerosis. November 2008. Tehran, Iran. Poster presentation: Correlation between plaque characteristics (ROI) in MRI and severity and duration of Multiple Sclerosis
40. The 5th International Congress on Multiple Sclerosis. November 2008. Tehran, Iran. Poster presentation: Morning Glory syndrome associated with multiple sclerosis
41. The 8th International course on carotid angioplasty and other cerebrovascular interventions (ICCA). December, 2008. Frankfurt, Germany. Poster presentation: Procedural outcome and midterm result of carotid stenting in high-risk patients.
42. The 8th International course on carotid angioplasty and other cerebrovascular interventions (ICCA). December, 2008. Frankfurt, Germany. Poster presentation: Procedural outcome and midterm follow-up of stenting of vertebra-basilar and intracranial stenosis, a single center study
43. The 16th Iranian congress of neurology and clinical electrophysiology. June, 2009. Tehran, Iran. Oral presentation : Erythropoietin for Acute Multiple sclerosis (ERAM study): To study the safety, tolerability and efficacy of treatment with Erythropoietin in patients with Optic neuritis as a first demyelization event, initial report
44. The 16th Iranian congress of neurology and clinical electrophysiology. June, 2009. Tehran, Iran. Poster presentation: Atypical basal ganglial germ cell tumor presenting as cerebral and brain stem hemiatrophy (Selected as best poster)
45. The 16th Iranian congress of neurology and clinical electrophysiology. June, 2009. Tehran, Iran. Poster presentation: Cutaneous Application of Menthol 10% Solution as an Abortive Treatment of Migraine without Aura: a Randomized, Double-blind, Placebo-controlled, Crossed-over Study
46. The first Iranian National Stroke Congress. May 2009. Isfahan, Iran. Oral presentation: Procedural outcome and mid-term result of extracranial and intracranial stenting: Shiraz experience
47. The first Iranian National Stroke Congress. May 2009. Isfahan, Iran. Oral presentation: Determining the frequency of proximal ICA plaques in patients with carotid siphon calcification incidentally detected in patients with non-ischemic symptoms
48. The first Iranian National Stroke Congress. May 2009. Isfahan, Iran. Poster presentation: Knowledge and attitude of Cerebrovascular Accident (CVA) Risk Factors, Warning Symptoms, and Treatment among an Iranian Urban Population

49. The 6th International Congress on Multiple Sclerosis. October 2009. Tabriz, Iran. Poster presentation: The study of cognitive functions and its association to disease severity in patients with multiple sclerosis.
50. The 6th International Congress on Multiple Sclerosis. October 2009. Tabriz, Iran. Oral presentation: Interleukin-10 Gene Polymorphism in Iranian Patients with Multiple Sclerosis
51. The 19th World Congress of Neurology. October 2009 .Bangkok, Thailand. Oral presentation: Cutaneous Application of Menthol 10% Solution as an Abortive Treatment of Migraine without Aura: a Randomized, Double-blind, Placebo-controlled, Crossed-over Study
